

PICTURE WINDOWS

Andersen® 100 Series picture windows offer an unobstructed view that maximizes the amount of natural light allowed into your home. Made with our revolutionary Fibrex® composite material to give you a window that is durable, environmentally smart, and energy efficient. 100 Series products are available in deep, rich exterior colors that are low-maintenance and compliment virtually any architectural style. On the inside you have the choice of low-maintenance white or sandtone finish. For added style there is a wide range of grille patterns and patterned glass options.

DURABLE

- Virtually maintenance-free
- Fibrex material construction provides long-lasting performance
- Durable, low-maintenance finish won't fade, flake, blister, chalk or peel*
- Fibrex material is twice as stable and rigid as vinyl

ENERGY EFFICIENT

- Weather-resistant construction for greater comfort and energy efficiency
- Fibrex material blocks thermal transfer nearly 700 times better than aluminum
- A variety of Low-E® glass options are available to control heating and cooling costs in any climate
- Many 100 Series Picture Windows have options that achieve ENERGY STAR® version 6.0 certifications in all 50 states**

BEAUTIFUL

- Clean, attractive corner seams
- Six exterior color options
- Attractive matte finish interiors available in White or Sandtone
- Add style with grilles or patterned glass

GRILLES

- Finelight™ Grilles-between-the-glass
- Keeps glass easy to clean
- Wide variety of patterns, including Specified Equal Light
- Two-sided color scheme matches both interior and exterior

Finelight™ grilles-between-the-glass have an elegant, sculpted profile, plus they offer a **two-sided color scheme**, allowing you to have grilles that match your interior and exterior color choice.

Printing limitations prevent exact color and finish duplication.

See your Andersen dealer for actual finish samples.
